

## Customer Service Committee Nominations

State  
water

State Water invites nominations from recognised rural bulk water user groups for the 2008-2012 term of office. Membership is open for the Border Rivers, Gwydir, Namoi-Peel, Murrumbidgee, Murray-Lower Darling, Lachlan, Macquarie-Cudgegong and the Coastal Valleys committees.

State Water is an innovative, medium-sized water corporation that services regional NSW. To support the efficient delivery of water to customers, valley-based customer service committees advise and assist in planning operations.

The committees are the primary forums for customers and State Water to meet and discuss operational and asset management issues, including water pricing.

Members will include irrigators from the regulated and unregulated streams, groundwater irrigators, irrigation schemes and corporations, stock and domestic water users, local government and industry, including mining and power generation.

Nominations are welcome from water user groups, industry bodies and local government. Members will be appointed for a four-year term, from 1 July 2008.
