

END OF SUPPLEMENTARY FLOW FOR HUNTER REGULATED RIVER

3 March 2009

The **supplementary flow event** will **end** for all the river reaches of the Hunter Regulated River from noon 3 March 2009.

The Hunter Regulated River includes the Hunter River downstream of Glenbawn Dam and Glennies Creek downstream of Glennies Creek Dam.

To ensure that diverted water is debited against the correct account, customers are reminded to advise the water order phone service of their end meter readings.

The Hunter Regulated River is now included in State Water's Centre Valleys. The Centre Valleys Newsletter is available on the Media Releases page of State Water's website <http://www.statewater.com.au/whanew/mediareleases.htm>.
